* **      *   **
It's 4 AM and I'm down again

I need to rise up from where I've been
*         **      *   ** *         **           *           **
There's nothing like a memory to put me back in line to where I used to be

Light up a memory and take a stroll

These picture frames, they do no justice to this life that's moving past us

So much trouble passing by
    
```
